

## Affidavit of Mark Jaworski

On February 23, 2010, I called the Lake County Indiana Auditor's Office and spoke to Dan Holabowski. Mr. Holabowski said that the property consists of three parcels but the tax records show that one of parcels was tax exempt which would make it city owned. Mr. Holabowski said that something doesn't seem right because Mr. Larry Hagen is listed as the original owner but he has not paid taxes on it for nearly 20 years. He told me to contact the county commissioners. I did and an assistant for the commissioner said that they have no knowledge of the property. The property has gone up for tax sale but never has been sold.
